## Seminar Series Cancer & Development

Thursday, December 06, 2012

MPI lecture hall  
04:00 p.m. (s.t.)

**Danny Huylebroeck, Prof. Dr.**

Laboratory of Molecular Biology (Celgen),  
Department of Development and Regeneration,  
Research Unit Embryo and Stem Cells,  
Faculty of Medicine, University of Leuven

**“Taking TGFbeta/Smad family signaling from  
knockout mouse phenotypes to stem cell  
differentiation”**
